

Claims for Version 3.2

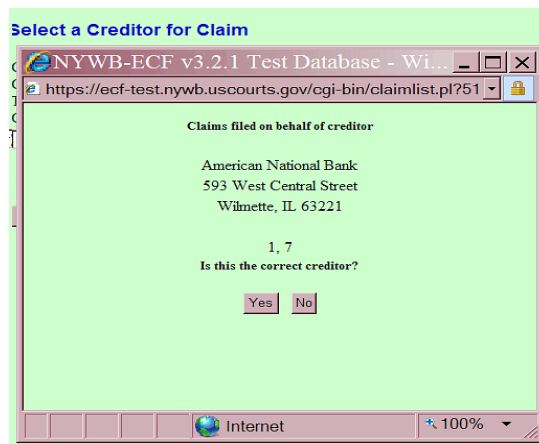

New Features:

When searching the type of creditor, multiple creditor types may be selected by holding the control key. This allows the user to limit a creditor search to certain creditor types (e.g. Administrative and 20 Largest Unsecured Creditors). You may also leave the creditor type blank and the search will return all creditors, regardless of the type.

The screenshot shows a web form titled "Search for Creditor" with a blue header bar containing the ECF logo and navigation links: Bankruptcy, Adversary, Query, and R. The form has a pink background. It includes a "Case Number" field with the value "2:08-bk-20032", a "Name of creditor" text input field, and a "Type of creditor" dropdown menu. The dropdown menu is open, showing three options: "Creditor", "Administrative", and "20 Largest Unsecured Creditors". At the bottom of the form are "Next" and "Clear" buttons.

If creditors are returned from the search, the user can expand the pull-down list. Holding the cursor over a creditor's name will list the numbers of the claims that have been filed for that creditor. If no claims have been filed by that creditor, that will be indicated as well. After selecting the creditor, a pop-up window will appear with the same information. This allows user to verify the creditor's name and address.

The screenshot shows a pop-up window titled "Select a Creditor for Claim" with a light green background. The window is displayed over a browser window titled "NYWB-ECF v3.2.1 Test Database - Wi...". The browser's address bar shows the URL "https://ecf-test.nywb.uscourts.gov/cgi-bin/claimlist.pl?51". The pop-up window contains the following text: "Claims filed on behalf of creditor", "American National Bank", "593 West Central Street", "Wilmette, IL 63221", "1, 7", and "Is this the correct creditor?". At the bottom of the pop-up are "Yes" and "No" buttons. The browser's status bar at the bottom shows "Internet" and "100%".

If the claim is no longer owned by that creditor, the claim number appears in parentheses.

The following screen allows user to enter the amount of claim. The “Amount Allowed” section no longer appears on this screen.
